### **DETAILED ACTION**

1. This Office Action is in response to amendment filed on Fed. 17, 2006.
2. Claim 1 has been amended.
3. Claim 20 has been added.
4. Claims 15-19 have been withdrawn.

### ***Claim Rejections - 35 USC § 102***

5. The following is a quotation of the appropriate paragraphs of 35 U.S.C. 102 that form the basis for the rejections under this section made in this Office action:

A person shall be entitled to a patent unless –

(e) the invention was described in (1) an application for patent, published under section 122(b), by another filed in the United States before the invention by the applicant for patent or (2) a patent granted on an application for patent by another filed in the United States before the invention by the applicant for patent, except that an international application filed under the treaty defined in section 351(a) shall have the effects for purposes of this subsection of an application filed in the United States only if the international application designated the United States and was published under Article 21(2) of such treaty in the English language.

6. Claims 9-10 and 12-13 are rejected under 35 U.S.C. 102(e) as being anticipated by Celeron et al. (7,050,803).

Regarding claims 9-10 and 12-13, Celeron discloses a method and system for optimizing cell neighbor list, comprising:

receiving a delete neighbor command identifying a first cell (see col.2, lines 19-35);

automatically identifying a plurality of neighbor lists that should be modified in response to said command (see col.2, lines 36-40); and

automatically deleting at least a neighbor relation to said first cell and at least one control channel identifier from a plurality of said identified neighbor lists in response to said command (see abstract, figs.1-2 and its description).

***Allowable Subject Matter***

7. Claims 11 and 14 are objected to as being dependent upon a rejected base claim, but would be allowable if rewritten in independent form including all of the limitations of the base claim and any intervening claims.

8. Claims 1-8, and 20 are allowed.
